

Homework at Mareeba State School 2024

It is a requirement for all Queensland State Schools to develop a school homework policy in consultation with the school community.

At Mareeba State School we believe that homework provides students with opportunities to consolidate their classroom learning, pattern behaviour for lifelong learning beyond the classroom and involve family members in their learning. The setting of homework takes into account the need for students to have a balanced lifestyle. This includes sufficient time for family, recreation and community and cultural pursuits.

At Mareeba State School, homework **must** enhance our students' learning and therefore **must be**:

- **purposeful and relevant to the student's needs**
- **appropriate to the phase of learning (early, middle and senior)**
- **appropriate to the capability of the student**
- **develop the student's independence as a learner**
- **varied, challenging and clearly related to class work**
- **allow for student commitment to recreational, employment, family and cultural activities.**

Using varied and challenging homework appropriate to students' learning needs

Homework **must** engage students in independent learning to complement work undertaken in class through:

- **revision and critical reflection to consolidate learning (practising for mastery)**
- **applying knowledge and skills in new contexts (a topic of interest, an authentic local issue)**
- **pursuing knowledge individually and imaginatively (investigating, researching, writing, designing, making)**
- **preparing for forthcoming classroom learning (collecting relevant materials, items, information).**

The Department of Education and Training "Policy Statement: Homework" also states that students should not be disadvantaged by the lack of access to resources such as computers and the internet outside school.

Considering students' other commitments when setting homework

In determining homework, it is important to acknowledge that students may be engaging in many different activities outside of school. These include a range of physical activities and sports, recreational and cultural pursuits. Some students have responsibilities as caregivers.

Homework appropriate to particular phases of learning

The following is our guide in determining the amount of set homework that students are expected to undertake. It is of course open to you, as a parent/carer, to consult with your child's teacher about additional materials or practice exercises with which you can assist your child with, at home.

In the Mareeba State School's *Early Phase of Learning (Prep to Year 3)* activities at home or in play are designed to assist the children at Mareeba State School to develop literacy, numeracy and problem-solving skills.

At Mareeba State School, homework tasks will include:

- **daily reading to, with, and by parents/carers or other family members**
- **linking concepts with familiar activities such as shopping, preparation of food, local environment and family outings**
- **conversations about what is happening at school**
- **preparation for oral presentations**
- **opportunities to write for meaningful purposes.**

Implementing the school homework policy

In **Years Prep, 1, 2 and 3**, set homework could be up to **but not more than 1 hour per week**.

In the Middle Phase (*Year 4 to Year 6*) some homework can be completed daily or over a weekly or fortnightly period and may:

- **include daily independent reading**
- **be coordinated across different subject areas**
- **include extension of class work, projects and research.**

Homework in **Year 4 and Year 5** will be up to but **not more than 2-3 hours per week**.

Homework in **Year 6** will be up to but **not more than 3-4 hours per week**.

Teachers are encouraged to reward and praise students who complete homework regularly and to a high standard. Punishment and/or detention for non-completion of homework tasks are not endorsed at Mareeba State School.
