With the implementation of Connect Ed, increased access to the Internet and e-mail facilities will be available to the students. Under direction from Education Queensland the following agreement must be signed by each student and their parent/guardian to allow access to these facilities. Students will not be allowed access to the Internet until this agreement is returned.

Shirlee Gallo (Principal)

STUDENT INTERNET ACCESS AGREEMENT

I understand that the Internet can connect me to useful information stored on computers around the world. While I have access to the Internet:
- I will use it only for educational purposes
- I will not look for anything that is illegal, dangerous or offensive.

If I accidentally come across something that is illegal, dangerous or offensive, I will:
(a) clear any offensive pictures or information from my screen; and
(b) immediately, quietly, inform my teacher.

I will not reveal home addresses or phone numbers – mine or anyone else’s. I will not use the Internet to annoy or offend anyone else. I understand that if the school decides that I have broken these rules, appropriate action will be taken. This may include loss of my Internet access for some time.

Parent or guardian

I understand that the Internet can provide students with valuable learning experiences. I also understand that it gives access to information on computers around the world; that the school cannot control what is on those computers; and that a very small part of that information can be illegal, dangerous or offensive. I accept that, while teachers will always exercise their duty of care, protection against exposure to harmful information should depend finally upon responsible use by students.

I believe _____________________________________________ (Name of student) understands this responsibility, and I hereby give my permission for him/her to access the Internet under the school rules. I understand that students breaking these rules will be subject to appropriate action by the school. This may include loss of Internet access for some time.
