### Mareeba State School Sun Safe Policy

#### **Rationale**

Year-round sun protection is important for all children and young people in Queensland as research demonstrates that high ultraviolet radiation (UVR) exposure in childhood and adolescence significantly increases the risk of developing skin cancer.

Our school aims to educate our students about being sun safe in order to develop important, life-long, healthy habits, and acknowledges the important role adults play during and outside school hours to reinforce sun safety with children and young people.

In implementing this policy, our school and community recognise that:

- the policy applies to all school and school-related activities and events;
- the strategies are to be implemented during the whole school day and year-round; and
- a combination of sun safe strategies is more effective than a single approach.

<b>ELEMENT</b>	<b>STRATEGIES</b>
<b>Clothing requirements</b>	<p>Students are required to wear protective clothing, including appropriate hats, when outdoors during the school day and during school-related activities (for example, excursions/camps) to reduce students' exposure to the sun, including the following strategies:</p> <p><b>Hats</b></p> <ul style="list-style-type: none"><li>• Students are required to wear appropriate hats when outdoors. The only exceptions when playing sport are when a hat reduces visibility or interferes with activity skills and therefore poses a risk to students' safety; or when wearing a hat is not possible because other headwear is required to be worn for religious or safety reasons. Under these circumstances, students may remove their hats for the duration of the activity, ensuring they have applied sunscreen to uncovered skin (ideally 20 minutes) prior to participating.</li><li>• Our school uniform hats are either broad-brimmed, bucket and/or legionnaire hats.</li><li>• Staff remind students to wear hats before and during lunch breaks, and to and from outdoor activities and this is outlined in our annual Staff Handbook.</li><li>• Students who do not have hats will play in the library, computer labs, eating areas or HUB veranda.</li></ul>
